Re: Coralville/North Liberty annexation issue

Dear Steve:

We are the state Senator and state Representative serving the cities of Coralville and North Liberty. We share a concern with the residents of these communities over the inability of these two cities to reach agreements on annexation issues.

We believe that the current annexation proposals need to be considered as only one means to a solution of this disagreement. We suggest that mediation might be a more effective approach. We propose that both cities be asked to agree to mediation as a less combative solution to this problem. We have talked with a well-respected, local mediator, Steve Sovern, who has indicated a willingness to mediate this issue.

We ask the Community Development Board to consider our proposal for mediation and to assist in implementing the mediation process.

Sincerely,
